The Course

Leadership is not just about holding a top position, like being a team captain or having responsibility at school or even church. Leadership is about making a difference wherever we are; at school, at college, in the community or at home. Growing Young Leaders is all about having fun together while exploring how we can grow in the God-given gift of leadership. The course will be about considering how we can each be an effective leader, what gifts and abilities we have, how we can grow as a leader and explore what God calls us to do.

We will learn together through talks, discussions as well as games, challenges and activities. The course will also include a project to develop and demonstrate leadership skills.

Growing Young Leaders is based on a CPAS course.

Who is it for?

It is for young people in years 10-13 (in September 2022). You can come as part of a church youth group or just by yourself and make new friends!

How much does it cost?

The course costs £60 in total, to include both residentials, food and materials.

- £10 deposit now to secure a place (non-returnable)
- £20 by Nov 11th 2022
- £30 by 8th January 2023 (*this may be paid by the local church*)
